Our boxes are **not** made from single-use plastics. The material is **100% recyclable** and used to make new products such as garbage containers and car dashboards.

Our boxes take up only 10% of the storage space you currently use for your EPS (polystyrene) boxes!

Choose from a range of lid types that each offer their own benefit to the overall product. Our flat lid saves on cost, while the full-depth lid adds strength and extra branding potential.
